

Rewrite the Sentences

Rewrite these sentences for readability *without* changing the meaning. Keep in mind **scannability**, **simple** language, **user** focus, and **keywords**.

Freedom of Information Act page

www.ustranscom.mil/foia/

The Public has a right to information concerning the activities of its Government; however, the Government is equally committed to safeguarding national security, enhancing the effectiveness of law enforcement agencies, protecting sensitive business information and, not least, preserving privacy.

Mission Statement

www.dietetics.ohio.gov/obdmission.stm

The mission of the Ohio Board of Dietetics is to effectively protect the public by regulating the practice of dietetics through licensure, and by fairly and consistently enforcing the laws and rules governing nutritional practices.

Homepage

www.arcyber.army.mil/Pages/USCyberCommand.aspx

U.S. Cyber Command (USCYBERCOM) fuses the Defense Department's full spectrum of cyberspace operations and plans, coordinates, integrates, synchronizes and conducts activities to lead day-to-day defense and protection of DoD information networks; coordinates DoD operations providing support to military missions; directs the operation and defense of specified DoD information networks; and prepares to conduct (and when directed, conducts) full-spectrum military cyberspace operations.
